RE: INFORMATION AND WATER RATE FOR 2015

This correspondence will provide you with the billing structure and rate for your water district during the 2015 calendar year. Please retain this information for your records.

For tax preparation purposes, your portion of the interest paid during 2014 on the debt for the water was \$431.94. Please consult with your tax advisor as to the deductibility of these costs.

For calendar year 2014, actual revenues were sufficient to meet expenditures for the District. The district applied \$45,615 in principal against \$1,946,007 of debt the district maintains from past O&M shortfall & capital improvements.

For 2015, the rates are increased as a result of the final reconciliation for building of the new plant along with previous district debt.

The 2015 budget is set with the following components:

The operations budget for the water system is \$50,000 in 2015. Debt service adds an additional \$133,461.00. The operation budget is represented in the following components:

Administration - \$12,350 covers annual charges for administrative efforts in the operation and billing. Includes insurances, legal, accounting, computer, mailings and engineer consulting.

Source of Power, Supply and Pumping - \$36,500 covers daily contractual coverage by plant operator, fuel, electricity, cost of water purchased, general system maintenance, testing and funds designated for repair of raw water pumps and equipment.

Purification – \$150 includes the cost of chemicals and repair of equipment used in the water treatment process.

Transmission and Distribution - \$1,000 includes the cost of maintenance and repair of pumps, equipment and water mains (piping).

<u>2012 Rate (with prior years comparison)</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>
• Flat Rate per Quarter	\$595.00	\$694.45	\$850.00
• Allowance per Quarter	15,000	15,000	15,000
• Cost per Gallon, above allowance	.013	.013	.013

Each quarter, all accounts will be billed for the flat rate which includes usage up to 15,000 gallons. The flat rate encompasses Debt Services and Operation & Maintenance costs.

Prior to the January, April, July and October billings, water meters will be read to determine water use for each account. Bills will be prepared and reflect the amount of water used during the previous period. **Your final quarterly cost will be directly affected by your water consumption.**

Hydrant Flushing

2015 Hydrant flushing is scheduled for April 29th, July 22nd and October 23rd. During periods when hydrants are flushed you may experience the following:

- Low water pressure or no water.
- Discolored or dirty water. Avoid doing laundry or dishwashing on flushing day.

You should:

- Turn off your icemaker in your refrigerator if you have until after you flush as instructed below.
- After pressure returns, run water until clear. Clean filter screen at faucets.

PAYMENT POLICY

1. Payments are received within 30 days of the billing date without penalty: due date is printed on the invoice.
2. Accounts are charged a 5% late fee on current charges for late or non- payments.
3. Returned Check fee will be applied.
4. For accounts having past due balance as of September 30th, the balance will be sent to Putnam County for levy on the subsequent years property tax.
