The permit will display the license plate numbers of both cars registered. **THE PERMIT IS VALID FOR ONLY THOSE LICENSE PLATES THAT ARE REGISTERED ON THE PERMIT.** The permit is to be displayed in the car that is parked in the lot on any given day. The registration of a second car does not entitle a customer to park two cars at the station. If a customer wishes to park more than one car at the station, he must purchase an additional permit, or park the second car at a daily metered space. The cost to register two cars on one permit is in accordance with the fees designated on the application form and is subject to those fees regardless of residency. 2017 permits are **not transferable** to any other vehicle.
