

Town of Southeast
1360 Route 22
Brewster, New York 10509
Thursday, June 26, 2024
EXECUTIVE SESSION 6:00 P.M.
WORK SESSION/REGULAR MEETING 7:00 P.M.

Pledge of Allegiance
Notation of Exits
Turn off/put on vibrate – all electronic devices

Present: Supervisor Nick Durante
Councilman Eric Larca
Councilwoman Lewis
Councilman Mazzotta

Absent: Councilman Eric Cyprus

Also: Town Clerk, Kathleen Chiudina
Town Attorney, Willis H. Stephens Jr

And: 29 persons

EXECUTIVE SESSION

Supervisor Durante made a motion to open the meeting and go into Executive Session at 6:00 p.m. for Personnel and Contractual Matters. Councilman Larca seconded. All in favor.

Supervisor Durante made a motion to adjourn the Executive Session where no decisions were made for Personnel and Contractual Matters. Councilman Cyprus seconded. All in favor.

PROCLAMATIONS

Supervisor Durante said this is a big week for some of our high schoolers and some of our parents. He said I was privileged enough to hear both of your speeches at graduation and scholarship night. I am also very grateful to have the opportunity to watch you other girls play flag football. Supervisor Durante said I hope for them, they are lessons because things I try to talk to them about are experiences I have had before and I want to ensure that they do not need to go through some of the battles that I have had to go through. You have probably had so much advice in the past couple of weeks that I feel it would be moot at this point to talk about those things. Being who I am, I cannot let this moment go without expressing my thoughts so I thought I should talk about something else and for me what comes to mind is Brewster. Even though it is Southeast, in my heart and in my mind I will never be able to get away from the word Brewster. The first thing I will say is take a deep breath, slow it all down in your heart and your mind, and take this time of your life to let it in. It is such a great moment in your life and in your time and you want to be sure that you get it into your soul and you do not forget it. Brewster is not a paradise nor is a life filled with travels and material wealth. What makes it a grand life is the people. It is because of us and the bond we all share, that it is grand. Indeed, society may be off the rails at the moment, as you move forward though, always remain mindful of your choices to safeguard yourself. No matter what anyone tells you, you always have a choice. It is your life. In times when you may not be here, remember to keep Brewster in your hearts; your long-life friends, your educators, your coaches, and even your opponents because they bring out the best in all of us sometimes too. They push us the hardest even though we may not realize it at the time, and most importantly your families who love you unconditionally. I, without a doubt, can say Southeast/Brewster is proud of all of you and extremely lucky to have had you here even if it is just for this moment. Wherever your feet take you remain true to yourself and be the Brewster-strong bear that you are.

CERTIFICATE OF AWARD

May it be known that this Certificate
has been presented to
Anna Kercado

Outstanding Academic Achievement
2025 Brewster High School
Valedictorian

Presented This 26th Day of
June 2025
By the Town of Southeast

ERICA LARCA
ALEX MAZZOTTA

These three young ladies have been playing on the Brewster flag football team from day one of the four years the program has been in existence and it is going to be a tough job to supersede what they have done in these four short years. Not dismissing the remaining teammates, who also did great things, there is a special reason that these three girls are here tonight. Just a few team stats first: two undefeated season, in the first year of the program they were 11-0, and this year they were 16-0. They were league champions, section champions twice, regional champions once, and they made it to the state semi-finals. Over the five years they were 65-2-2. All three of these young ladies have been all-league all four years. All three received all-section honors this year while Sandra and Ava were all-section last year. All three were scholar athletes.

CERTIFICATE OF ACHIEVEMENT

May it be known that this Certificate has
been presented to
Ava Fagin

For Outstanding Achievement as a
member of the 2025 Brewster Bears
Flag Football Team.

Supervisor Durante made a motion for a five(5) minute recess. Seconded by Councilman Larca. Passed all in favor.

Supervisor Durante made a motion to come out of recess. Seconded by Councilman Cyprus. Passed all in favor.

PUBLIC HEARING

Special Permit Debonis Southeast Dunkin' 1617 Route 22 – Tax Map 46.-1-21:

Supervisor Durante made a motion to open the Public Hearing for a Special Permit for Debonis Southeast Dunkin'. Councilman Cyprus seconded. All in favor.

Caren LoBrutto, Senior Planner with LaBella Associates represented the application. She said this is for a fast-food establishment that is approximately 2,000 sq. ft. at the corner of Route 22 and Route 312. There are 23 parking spaces proposed including five employee spaces, she said. There is a 10-queuing drive-thru that is included in the property. There is right in and right, out access onto Route 22. The applicant received a Negative Declaration in January and area variance approval for an encroachment into the residential setback in May, she said. They worked with the Planning Board, she said, to meet with the neighbors to increase the landscaping and added additional evergreens. There is a 2-1/2 to 8 ft. berm on the west side of the property, which will help with any impact from headlights. She said the intercom is

directed toward Route 312, the five light poles are sky-compliant, and the four wall-mounted lights are also sky-compliant to reduce noise and light across the property.

Councilman Larca said there was talk about donating a portion of the corner of the land to the State to widen that intersection; down the road, if the State were to come and request this, is it possible to be able to carve some portion of that property out for them. Ms. LoBrutto said there is included a DOT taking on Route 312, which was established in preceding years and that would still take place. As part of this project there are signal improvements, she said, along Route 312 which will assist in overall traffic conditions through the intersection

There was no public comment.

Supervisor Durante made a motion to close the Public Hearing with a five (5)-day written comment period. Seconded by Councilman Cyprus. All in favor.

WORK SESSION:

Discussion – Millenium Contract:

The Board discussed the current grant contract through Millenium. It included a \$5,000 retainer for access to a grant portal and then per diem access for assistance in grant procurement. This is called the Flex-Grant Service. The other option is a full grant service and that cost is \$3,300 per month. This service is a full service where they will find grants and work to procure them. Supervisor Durante informed the Board about the grants that have been done through Millenium and one so far has been granted. Councilman Cyprus commented on the portal and the fact that it is not as easy as it could be to locate applicable grants, but liked having the assistance available. The Board discussed the potential for grant opportunities for a Comprehensive Plan update and Supervisor Durante said he will follow up with Millenium, but he believed that the Town needed to have an idea of what direction to pursue prior to applying for any grants.

Discussion – Fortune Ridge – Partial Dedication of the Fortune Ridge Drainage District Facilities:

The Board discussed the dedication of the drainage district facilities and what sections to include. Deborah Bloomer of Glickenhau Brewster Development appeared before the Board regarding this discussion. The sections were discussed and Ms. Bloomer will send a complete list of those sections for inclusion in a resolution should the Board decide to approve.

Discussion – Parks and Recreation Department Update – Jared Kuczenski:

Jared Kuczenski, Director Parks & Recreation, provided an update on the Town Parks and programs the Recreation Department is involved with. Tonetta Lake has been open since Memorial Day weekend for weekends only and received positive feedback on the improvements at the lake completed through the ARPA grant money received from Putnam County. Kayak and paddleboat rentals will hopefully start this year as well. The six-week swim camp will be starting in early July and the beach will be open daily at that point as well. A dual-tunnel batting cage will be installed at Volunteer Park. Markel Park will also receive updated batting cages. The shipping containers will be removed and sheds installed. A CREST grant was applied for from Senator Harckham's office so that the fencing and dugouts around the fields can be replaced with newer, safer, modern, and especially clear-span visual dugouts in order to keep an eye on the activities taking place in them. At Scolpino Park new clay that has a sand component to it has been tilled into the infields with the understanding that it will reduce the hardness of the clay. At Lakeview Manor Community Center blinds were installed to assist in regulating the temperature in the room. An HVAC improvement for the bathrooms is in the planning process. A new amplifier for the sound system was installed so now music can be played via Bluetooth. A new projector was purchased that is a bright-room projector so that total darkness is not required in order to view the screen. Two smartboards that were donated by a resident have been set up. The kitchen will begin to get an upgrade this summer as well.

At Markel Park we are looking forward to making some upgrades like fencing and tree trimming/removal once the CREST grant is secured. Councilman Larca said are we good with the parking now that the fire department is moving forward with their plans. Mr. Kuczenski said the original plans I saw showed the fire department taking up to the parking lot and the new plans show them bisecting the parking lot.

Councilman Larca said do we have any update on whether the aeration is working or do we get a report from EverBlue. Mr. Kuczenski is to look into whether EverBlue is supposed to do any testing of the water with a report to the Town. Mr. Kuczenski said just for an observational point of view, the water quality looks phenomenal.

Mr. Kuczenski reviewed the upcoming recreation programs for the summer. Swim Camp begins July 8 and runs for six weeks. There are also 13 other camps occurring at the school and/or town parks. The Friends of Southeast will be putting on the fireworks on July 6 and Southeast Parks & Recreation will be there to do some facepainting, play some games, and hand out some giveaways. There is a food truck

rally coming up on July 12 at Castle Park that Laurie Bell spearheaded. August 16 will be the date for the Recreation Department's Beach Bash/Community Day and will take place at the beach. The day will be wrapped up with a movie night at Castle Park. Flag Football is being discussed as a program at a time of the year that will not conflict with tackle football and Recreation is working with an outside organization to run it. He said we have been working with the school's SEPTA program to bring some special needs programs to the community.

Discussion – Special Districts Department and MS4 Update – Bruce Bridges:

The annual/interim report for 2024 was filed with the DEC on April 1. The MS4 binder is being digitized for placement on the Town Website. The next interim report will be due October 1. There are a number of items to be completed by then including mapping and inspecting the over 2400 storm drains/sewer connections and Hahn Engineering as well as Highway are assisting. The Town has issued 16 MS4 permits this year compared to 12 as of this time last year. The DEC changed their permit and sent out a notification to those with these permits stating that there are permits under the old system that are open and a new permit under the new system is required. Many with open permits were caught unaware as the window to submit was short. In Southeast there were over 100 permits under the old system that were not renewed and subsequently terminated. The list was reviewed and filtered through to determine what were still active projects and those applicants were contacted to renew their permits.

With regards to Special Districts, the DEP has pushed out their aqueduct project until at least 2027. Brewster Heights Water sand filter #3 has been reconditioned. Special Districts has been working with the grant writers for a number of different grants to assist with issues in the various districts. Hahn Engineering is working with a company, WRT, to design a filtration system for the PFAS/PFOS issue at the Birch Hill and Starr Ridge water districts. At Brewster Heights Sewer, he said, we are working with a company called TAM to replace the motors, rotors, and bearings for one of the two aerators in the oxidation ditch. The oxidation ditch itself needs work as well and Hahn Engineering is assisting with this.

Discussion – Future Location of Town Hall:

The Town Board discussed the possibility of relocating Town Hall to the OTB building and bringing together all departments except for Recreation/Facilities Department under one roof. This will provide more efficient communication between departments and allow for residents to have one place to come for their Town business. The asking price is currently \$1.8 million. Supervisor Durante showed on a map where he thought each department would be housed. There is no connection throughout the entire building and installing openings for access throughout within the building would be ideal. The area indicated as the "Old Barn Mall" section was discussed in terms of uses and the tower could be used as an entranceway to connect Planning and Building. The flow of the building itself was discussed and it was determined that it is not the best floorplan layout for a town hall. The square footage is 21,446 and right now between 1 Main and 1360 we have 14,000 sq. ft. Concerns were raised about the cost of upgrading the building and the difference in square footage for heating and cooling. Before making any decisions it would be important to know what the approximate costs involved would be to update the building. The benefit of this move for the residents was discussed as well as the future look of what a Town Hall would look like and how it would function. Hahn Engineering will be providing the Board with a written summary of their findings.

REGULAR MEETING

Supervisor Durante made a motion to open the Regular Meeting. Councilwoman Lewis seconded. All in favor.

Supervisor Durante made a motion to waive the reading of the correspondence. Councilwoman Lewis seconded. All in favor.

CORRESPONDENCE: (Ending June 24, 2025)

Correspondence Received:

VOUCHERS

Supervisor Durante made a motion to approve the Vouchers in the amount of \$2,318,645.14. Councilman Mazzotta seconded. All in favor.

BUDGET TRANSFERS

Supervisor Durante made a motion to waive the reading of the Budget Transfers and accept such transfers as submitted. Councilwoman Lewis seconded. All in favor.

SUPERVISOR'S REPORT

Supervisor Durante said the reason the vouchers were high this month is because Spruce Road and portions of Cobb Road were paid this month, but Accounting said the Town should be receiving some ARPA funds for Cobb Road. Supervisor Durante said that Recreation is doing pretty well, the Building Department is a little behind, and Highway has been doing great. Route 312 paving work is to start July 7. Highway Superintendent Burdick said Brewster Hill will start the second week in July along with Minor Road, Larkspur Drive, and Birch Drive. He said we have changed 3500 ft. of drainage on Brewster Hill, over 30 catch basin tops, addressed five different issues where water bleeds out of the ground when it rains and it ruins the blacktop.

Highway Superintendent Burdick introduced the issue of a dangerous intersection at Route 6 and Route 121 that had been discussed at a Traffic & Safety Board meeting. He suggested reaching out to Senator Harekham's office for grant assistance as the State will not spend any money on a light in this location.

Highway Superintendent Burdick provided an update on Cobb Road stating the structures are set, they are working on pouring wingwalls, and believes the project is on schedule to be completed by the time school starts.

The MetroNorth parking garage project has commenced, said Highway Superintendent Burdick, with a temporary access road cut near the bridge on Prospect Hill. He said the Department of Transportation (DOT) will start the westbound ramp onto 684 in 2026.

MEETINGS

Supervisor Durante made a motion to set the following Town Board meetings to be held at 1360 Route 22, Brewster, New York, at 7:00 P.M. unless otherwise noted. Councilman Larca seconded. All in favor.

Thursday, July 10, 2025 – Public Hearing / Work Session / Regular Meeting
Thursday, July 24, 2025 – Work Session / Regular Meeting

SOUTHEAST ANIMAL HOSPITAL PERFORMANCE BONDS

RESOLUTION NO. 33 / 2025

DATE: June 26, 2025

INTRODUCED BY: Supervisor Durante

SECONDED BY: Councilman Larca

WHEREAS, the Town Board of the Town of Southeast is in receipt of a report and recommendation from the Town Engineer dated June 18, 2025 and referral from the Planning Board dated June 23, 2025 with respect to the Performance Security to be posted in connection with the Southeast Animal Hospital site plan application relating to property located at 1535 Route 22, Southeast Tax Map No. 46.-1-2 (the "Subject Premises").

NOW, THEREFORE, BE IT

RESOLVED, that the bond amount shall be established for the project set forth below to be constructed on the Subject Premises:

PROJECT NAME:

Southeast Animal Hospital

BOND AMOUNT:

Site Improvements	\$ 134,000.00
Erosion & Sediment Control	\$ 11,000.00

And be it further

RESOLVED, that no building permits shall issue until the appropriate security and fees have been paid; and be it

RESOLVED, that a certified copy of this resolution shall be transmitted by the Town Clerk to the Planning Board Secretary and Building Inspector forthwith.

UPON A ROLL CALL VOTE:

Councilman Cyprus	<u>Absent</u>
Councilman Larca	<u>Aye</u>
Councilwoman Lewis	<u>Absent</u>
Councilman Mazzotta	<u>Aye</u>
Supervisor Durante	<u>Aye</u>

VOTE: carried by a vote of 3 in favor, 0 against; 2 absent.

TOWN CLERK'S CERTIFICATION

STATE OF NEW YORK)

: ss.:

COUNTY OF PUTNAM)

I, KATHLEEN CHIUDINA, Town Clerk of the Town of Southeast, do hereby certify that the above is a true and exact copy of a Resolution adopted by the Town Board of the Town of Southeast at a Regular Meeting of said board held the 26th day of June 2025.

KATHLEEN CHIUDINA

Town Clerk

NEW BUSINESS:

There was no new business.

PUBLIC COMMENT

Scott Seaman, Brewster Board of Education member and Southeast resident, thanked the community for their support of the school budget that was passed last month. Regarding school projects, the security vestibule is now open. The track is in progress and on schedule to re-open by the end of July. The cafetorium at CV Starr is in process with the foundation being poured and scheduled for completion next summer. The Sports Shed foundation will be poured soon as well. Mr. Seaman said he agrees that the intersection at Route 121 and Route 6 is a nightmare and the transportation department brings up that issue often.

TOWN BOARD COMMENT

There was no Town Board comment.

Supervisor Durante made a motion to close the meeting. Councilwoman Lewis seconded. All in favor.

Respectfully Submitted,
Kathleen Chiudina
Southeast Town Clerk
