(provide brief description of project) _____

CONTRACTOR CERTIFICATION

I certify under penalty of law that I understand and agree to comply with the terms and conditions of the Erosion and Sediment Control Plan and/or Stormwater Pollution Prevention Plan. I also understand that it is unlawful for any person to cause or contribute to a violation of water quality standards.

All site work to be done in conformance with the approved Erosion and Sediment Control Plan and/or Stormwater Pollution Prevention Plan; Chapter 119, "Stormwater Management and Erosion and Sediment Control," of the Town Code of the Town of Southeast; the New York State Stormwater Management Design Manual; and New York State Standards and Specifications for Erosion and Sediment Control.

Clear Cutting: A Tree Removal and Restoration Plan is required in accordance with Chapter 119 of the Town Code for clear-cutting activities which are defined as the removal of 30 percent or more trees that are each eight inches or more in DBH on properties greater than 0.5 acres. For purposes of this calculation, trees located within wetlands, watercourses or adjacent buffer areas, or located within an excessively steep slope (greater than 25%), which are injured and/or removed, shall be counted double.

Tree Clearing & Restoration Plan Attached _____ **Not Required** _____

Waiver Requested: Attach explanation.

By signing below, I acknowledge that the Town of Southeast has the authority to conduct periodic site investigations without prior written notice. (Only ONE SIGNATURE is required.)
