Hi Victoria,

Can you please print the attached for the file & post to the Town's website?

Thanks,

Ashley

Good morning, Joe.

In accordance with our recent conversations, DEP finds that each of the significant issues previously raised through the SEQRA process have been adequately addressed to date.

DEP appreciates JMC's thoughtful responses to our concerns and thanks the Southeast Planning Board for facilitating an extended SEQRA review.

We look forward to formal applications for review and approval of a SWPPP and SSTs pursuant to the Watershed Regulations. Don't hesitate to reach out if you have any questions.

Matt
