Southeast, New York

EARTH DAY 2022

Saturday, April 23, 2022 and Sunday, April 24, 2022

Contact (845) 279-5345

Supervisor Tony Hay

thay@southeast-ny.gov

Thank you for your planned participation in the Town of Southeast/Village of Brewster Earth Day clean-up event

After you have completed your Earth Day clean-up activity, please notify the Town, by the phone or email listed above, and identify the locations (streets, nearest cross roads, mailboxes, etc.) of the bags that have to be picked up by the Town's Highway Department

If you find heavy objects such as tires, put them as close as possible to your bags of garbage. If it is too far a distance, try to drag them to the side of the road so they are visible to be picked up

Please provide your group's name and or the name of the participants in the clean-up as well as any photos that you would like to share

Wear comfortable light clothing and clothing that will be visible in color to oncoming traffic

Stay hydrated

And, once again, the Town of Southeast/Village of Brewster appreciates your participation in Earth Day 2022
