Brewster Little League

Dear Mr. Mazzotta:

As a follow up to the conversations I have had with Brewster Little League parents and officials, I wish to provide you with this Letter of Intent expressing our good faith and intentions.

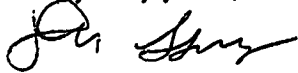

As you know, we continue through the approval process to bring to fruition our ambitious program. It is our intention to make available to the Brewster Little League our facilities when we are through the approval process and complete construction. We anticipate to be operational in 16-20 months. As we continue through the approval process, our schedules will become better defined and we will be able to accommodate Brewster Little League to the best of our abilities.

It is our every intention to be supportive of the Brewster Little League program and provide opportunities for the use of our facilities. As you are well aware, we are committed to providing a first class facility for which everyone will be proud.

Please stay in touch with us and I will keep you abreast of any and all developments we have as we move towards completion. My email address is dan@proswingbaseball.com.

With best intentions,

Very truly yours,
